THE MOBILE REMOTE CONTROL FOR YOUR HEATING SYSTEM!

With the all new Hargassner APP you may easily change heating times, temperatures and operation modes and receive information regarding the current boiler status:

- ✓ Switch HC on or off and reduce
- ✓ Change heating times
- ✓ Change heating temperatures
- ✓ Activate holiday mode
- ✓ Receive information about the boiler, accumulator and HWS
- ✓ Errors and warnings

Important messages from your heating system will be transferred via push-notification or E-mail to your mobile device.

ADVANTAGES AT A GLANCE:

- ✓ Tailored graphic surface
- ✓ Easy and self-explaining
- ✓ Worldwide access to your heating system
- ✓ Access to be set individually
- ✓ Unlimited users per heating system
- ✓ Maximum convenience to the client (App, no mobile website)
